According to the great University of Chicago President Robert Maynard Hutchins, Fr. Hesburgh's record at Notre Dame in the 1950's and 1960's was "one of the most spectacular achievements in higher education in the last 25 years."

Considered for many decades to be the most influential priest in America, Rev. Theodore M. Hesburgh, CSC, played pivotal roles in higher education, the Catholic Church, and national and international affairs. In *American Priest*, historian and Notre Dame priest-professor Wilson D. Miscamble, CSC, tracks how Hesburgh transformed Catholic higher education in the postwar era and explores how he became a much-celebrated voice in America at large.

Understanding Hesburgh's life and work illuminates the journey that the Catholic Church traversed over the second half of the twentieth century. Exploring and evaluating Hesburgh's importance, then, contributes not only to the colorful history of Notre Dame but also to comprehending the American Catholic experience.

Copies of the book will be available for purchase by the Seminary Coop Bookstore. For more information and to register, visit

ECHO

Theology of the Body Camp

June 14 – 17, 2019

In a fractured world that isolates rather than unites, how does a person come to understand the deepest mysteries of the human heart? At some point we all face questions on the meaning of life, love, God, what it truly means to be human, and so much more.

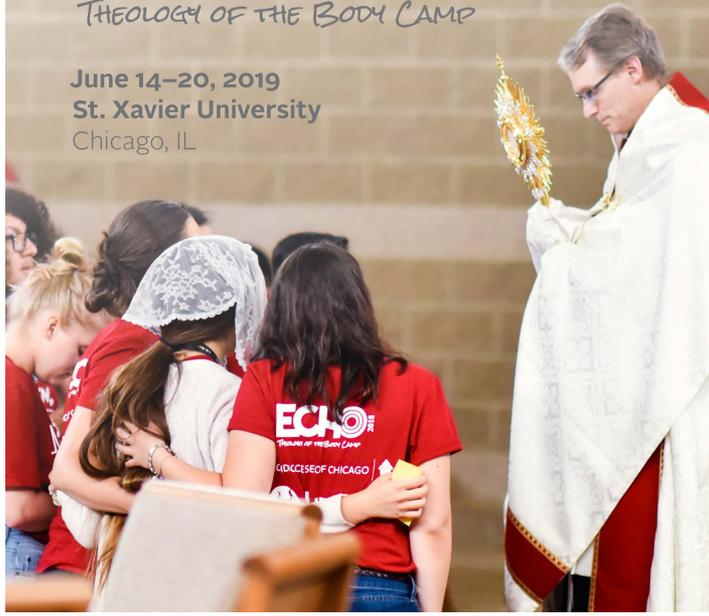

The ECHO experience employs the visionary mind of Saint John Paul II and his Theology of the Body to weave these threads together into what could be one of the most inspiring, enlightening and joyful weeks of your life! Register [here](#) or learn more [here](#).

THE ECHO CHICAGO CAMP

A Retreat Experience in the Theology of the Body

In a fractured world that isolates rather than unites, how does a person come to understand the deepest mysteries of the human heart? At some point we all face questions on the meaning of life, love, God, what it truly means to be human, and so much more. The ECHO experience employs the visionary mind of Saint John Paul II and his Theology of the Body to weave these threads together into what could be one of the most inspiring, enlightening and joyful weeks of your life!

Why

Because your heart contains an ECHO of God's life, truth, beauty, and joy. Hear it and rise to the greatness of love that He genuinely desires for you!

How

ECHO uses a wide range of activities — including inspiring talks, music, games, small group discussions, prayer and so much more — to open and elevate our hearts with a new awareness of the dignity and beauty of the human person as taught by Pope John Paul II in the Theology of the Body.

Who

College students, young adults, and young families are welcome during the weekend. High school teens (current sophomores through graduating seniors) attend during the week.

Where

St. Xavier University in Chicago, IL

When

June 14–17 for college students, young adults and young families.

June 17–20 for high schoolers (current sophomores thru graduating seniors).

College students and young adults are encouraged to stay through the 20th and serve as mentors for the teens during the week!

Cost

Early bird registration before Wednesday, May 1 is \$349. Standard registration cost is \$399, which includes retreat costs, meals, housing in the Xavier University dorms, and some cool swag.

Tattoos on the Heart "dinner and dialogue" sessions

Did you attend our Father Greg Boyle TOT event, *Tattoos on the Heart: Confronting the Culture of Violence*? Were you inspired, challenged, or even uncomfortable? Are you struggling to find ways to live out the values and themes that Fr. Greg discussed? Join other passionate young adults for a lively discussion about Fr. Greg Boyle's first book, *Tattoos on the Heart*. With support from community leaders who are doing similar work in Chicago, we'll unpack the complex realities of violence, mass incarceration, and criminal justice in our city.

With the goal of moving from a service mindset to an attitude of kinship and mutuality, we hope this discussion will generate ideas and energy around ways to put our faith in action for personal and community transformation. These "dinner and dialogue" sessions will be hosted in early-mid May at locations around the city. If you're interested in participating, email Liz (eyoung@archchicago.org) to get on the list and receive an update when dates and locations are finalized.
